### Equipment Features:

The **GAMUL VH5PRO** is the perfect helper for all transport tasks and provides valuable services in many industries for a wide variety of activities.

- The **GAMUL VH5PRO** easily transports loads up to 500 kg.
- Its extremely narrow design and compact dimensions allow the **GAMUL VH5PRO** to be safely transported to the place of use, even through narrow gates and paths.
- Bulk and general cargo is emptied using a hydraulic tipping skip.
- The switchable rapid traverse function allows you to increase the working speed and thus significantly reduce the working time.
- The solid steel construction and powerful hydraulic cylinder, combined with simple, intuitive controls, make it the ideal helper.
- An operating hours counter and a high-quality oil bath filter for the powerful gasoline engine complete the machine, making it the ideal helper in every situation.
