Engine / Drive		4-Stroke OHV- LONCIN Gasoline engine
Displacement	cm³	224
Torque	Nm	14
Engine power	kW	4,5 at 3.600 rpm
Gasoline tank volume	l	1,4
Starting		Recoil starter
Cutting width, max.	mm	700
Cutting height	mm	35
Blades		6
Driven by		Dual-V-Belts
Wheels		Pneumatic tires with cleated tread 3.50-6
Max. permissible Motor inclination		20 °
Sound power level L_{WA}	dB(A)	103
Operating weight	kg	78
Transport weight	kg	105
Packaging dimensions (L/W/H)	mm	1140 / 690 / 845

Art. No.: HGS700PRO **EAN: 40 47424 09152 4**

Equipment Features:

- The high grass cutter / rotary mower, with its new, attractive design, is designed for mowing tall grass, brush, or weeds.
- A grass deflector directs the grass to the side, forming a swath, and leaves a neat, clean cut.
- Equipped with an adjustable handlebar for ergonomic use
- 6 movable blades
- With its powerful engine and agricultural tires, mowing is made much easier, even on challenging terrain.
- Now available with dual V-belts!
